

Timestamp	Name	Email ID	FAQ	REMARK	PURCHASING INTENT
2024/11/01 01:01:00 AM GMT+5:30	Amanya k binu	amanyakbinu01@gmail.com	Can the device be integrated with wearable health devices to provide real-time medication reminders based on physiological data (e.g., blood pressure or glucose levels)?	Wearable health devices can monitor metrics such as blood pressure or glucose levels. When readings exceed thresholds, they trigger medication reminders, ensuring timely interventions.	*****
2024/11/01 01:06:00 AM GMT+5:30	Aarav Arun	aaravarun123@gmail.com	How easily can the dispenser be set up by users with limited technical knowledge?	The dispenser can be easily set up by users with minimal technical knowledge through a guided process.	*****
2024/11/01 01:38:00 AM GMT+5:30	Amaya Rajeev	amayarajeev456@gmail.com	Does the device include tutorials or user guides for initial setup?	Tutorials and user guides in video and print formats simplify the initial setup.	*****
2024/11/01 03:08:00 AM GMT+5:30	Adithya Vijay	adithyavijay789@gmail.com	How quickly does the device send notifications to a connected phone?	Notifications are sent to the connected phone within 1-2 seconds of the scheduled time.	*****
2024/11/01 04:14:00 AM GMT+5:30	Ananya Arvind	ananyavijay321@gmail.com	Is it possible to schedule doses at different times for different days?	Yes, the dispenser allows users to schedule doses differently for each day.	*****
2024/11/01 05:43:00 AM GMT+5:30	Arjun Raj	arjunraj564@gmail.com	Can the dispenser be programmed remotely for elderly patients in rural areas?	The device can be remotely programmed via a caregiver's app for rural patients.	*****
2024/11/01 06:37:00 AM GMT+5:30	Devika Suresh	devikasuresh087@gmail.com	How does the dispenser alert users when it's time to refill their medication?	Refill alerts are provided by both audible tones and app notifications.	*****
2024/11/01 08:01:00 AM GMT+5:30	Akshay Santhosh	akshaysanthosh135@gmail.com	Is there an option to label each compartment by medication name?	Compartments can be labeled through the app for clear identification.	*****
2024/11/01 09:00:00 AM GMT+5:30	Diya Pradeep	diyapradeep246@gmail.com	Does the dispenser handle different pill shapes and sizes effectively?	Adjustable compartments accommodate pills of varying shapes and sizes.	*****
2024/11/01 10:44:00 AM GMT+5:30	Dhruv Kiran	dhruvkiran369@gmail.com	Can caregivers manage multiple users with different medication schedules?	Caregivers can manage multiple user profiles and schedules in the app.	*****
2024/11/01 11:07:00 AM GMT+5:30	Gauri Manoj	gaurimanoj852@gmail.com	What safety features prevent double-dosing if the dispenser malfunctions?	Safety locks and dose tracking prevent double-dosing issues.	*****
2024/11/01 11:28:00 AM GMT+5:30	Karthik Ramesh	karthikramesh741@gmail.com	How is sensitive user data protected within the device?	User data is encrypted, ensuring protection from unauthorized access.	*****
2024/11/01 12:24:00 PM GMT+5:30	Meera Rohit	meerarohit963@gmail.com	Is it possible to set alerts for missed doses that escalate over time?	Missed doses trigger escalating alerts, starting with notifications and ending with calls.	*****
2024/11/01 12:40:00 PM GMT+5:30	Manav Rajesh	manavarajesh258@gmail.com	How easy is it to replace parts if there's wear and tear on the device?	Replaceable parts are available and can be installed with basic instructions.	*****
2024/11/01 01:54:00 PM GMT+5:30	Nandana Ajith	nandanajith147@gmail.com	Does the device function during power outages, and how long is the battery backup?	A backup battery supports up to 48 hours of functionality during outages.	*****
2024/11/01 01:59:00 PM GMT+5:30	Nithin Anil	nithinanil259@gmail.com	Can the dispenser track and log doses for health data analysis?	The device maintains logs that can be downloaded for health data reviews.	*****
2024/11/01 02:24:00 PM GMT+5:30	Pooja Hari	poojahari369@gmail.com	What measures ensure the right dosage is dispensed each time?	Accurate dispensing is ensured by precision mechanics and sensors.	*****
2024/11/01 03:29:00 PM GMT+5:30	Sandeep Arun	sandeeparun147@gmail.com	Is it easy to distinguish between morning and evening doses?	Color-coded LEDs indicate morning or evening doses for user convenience.	*****
2024/11/01 03:45:00 PM GMT+5:30	Riya Shyam	riyashyam258@gmail.com	How does the device handle time zone changes for traveling users?	The app automatically adjusts for time zone changes when traveling.	*****
2024/11/01 05:07:00 PM GMT+5:30	Vishnu Vijay	vishnuvijay369@gmail.com	Are caregivers alerted if the dispenser is low on battery?	Caregivers are alerted via the app if the device's battery is low.	*****
2024/11/01 07:03:00 PM GMT+5:30	Sreeja Pravin	sreejapraavin456@gmail.com	Is the device suitable for people with limited vision or hearing?	Voice alerts and large buttons assist users with limited sensory abilities.	*****
2024/11/01 08:24:00 PM GMT+5:30	Harith Sanjay	harithsanjay741@gmail.com	Does it accommodate different medication types, like liquids or powders?	Mainly for pills, pre-filled liquid capsules can also be dispensed.	*****
2024/11/01 09:32:00 PM GMT+5:30	Lekha Karthik	lekhaakarthik963@gmail.com	How well does the dispenser hold up to accidental bumps or falls?	The device is designed to survive bumps or minor falls without damage.	*****
2024/11/01 10:56:00 PM GMT+5:30	Gokul Vivek	gokulvivek159@gmail.com	What options are available for refilling pills remotely?	Refills can be ordered remotely through the app-integrated pharmacy system.	*****
2024/11/01 11:44:00 PM GMT+5:30	Sangeetha Nikhil	sangeethanikhil753@gmail.com	How does the device ensure medication adherence for complex regimens?	The app supports complex regimens, including varying intervals and doses.	*****
2024/11/02 01:37:00 AM GMT+5:30	Jeevan Ranjith	jeevanranjith159@gmail.com	Are notifications customizable based on user preferences?	Users can customize notification types, such as sound, vibration, or voice.	*****
2024/11/02 02:34:00 AM GMT+5:30	Anjali Rajan	anjilirajan456@gmail.com	How does the device handle large doses or a high number of daily doses?	Compartments are spacious enough to hold larger doses or frequent doses.	*****
2024/11/02 03:42:00 AM GMT+5:30	Kiran Rahul	kiranrahul087@gmail.com	Are there any emergency features for accidental dose consumption?	An emergency stop mechanism prevents dispensing in case of errors.	*****
2024/11/02 03:55:00 AM GMT+5:30	Nisha Binoy	nishabinoy741@gmail.com	How intuitive is the display for elderly users?	The display is bright and easy to read for elderly users.	*****
2024/11/02 05:00:00 AM GMT+5:30	Dhanush Krishnan	dhanushkrishnan258@gmail.com	Can the device handle multiple users within one household?	Multiple users in one household can set up separate schedules on the device.	*****
2024/11/02 05:15:00 AM GMT+5:30	Pavithra Sujith	pavithrasujith963@gmail.com	Does the dispenser notify multiple caregivers if a dose is missed?	Missed dose alerts notify caregivers through SMS or app notifications.	*****
2024/11/02 07:00:00 AM GMT+5:30	Ajay Arun	ajayarun147@gmail.com	What happens if the user forgets to refill the device?	Refill reminders are sent days in advance to avoid running out of pills.	*****
2024/11/02 08:12:00 AM GMT+5:30	Sneha Prakash	snehaprakash258@gmail.com	Is there an option for personalized voice reminders?	Personalized voice reminders can be recorded and scheduled for specific doses.	*****
2024/11/02 08:18:00 AM GMT+5:30	Midhun Vishal	midhunvishal369@gmail.com	Can users with memory issues easily operate the dispenser?	The device includes memory aids, such as images, for dementia patients.	*****
2024/11/02 09:23:00 AM GMT+5:30	Reshma Ajayan	reshmajayan147@gmail.com	How reliable is the dispenser's Bluetooth connection with phones?	A reliable Bluetooth memory ensures notifications reach phones promptly.	*****
2024/11/02 11:05:00 AM GMT+5:30	Naveen Akshay	naveenakshay258@gmail.com	Does it work with both Android and iOS devices?	Compatible with Android and iOS devices, ensuring broad accessibility.	*****
2024/11/02 12:54:00 PM GMT+5:30	Vidya Rakesh	vidyarakesh369@gmail.com	Is there an option for a detailed user manual in multiple languages?	User manuals are available in multiple languages for inclusivity.	*****
2024/11/02 12:20:00 PM GMT+5:30	Pranav Rajeev	pranavrajeev147@gmail.com	How does the device manage dosage adjustments on short notice?	Emergency dose changes are applied instantly via the app.	*****
2024/11/02 03:21:00 PM GMT+5:30	Malavika Shashi	malavikashashi258@gmail.com	Are there backup alerts in case of device error?	Backup alerts activate in case the primary notification fails.	*****
2024/11/02 04:46:00 PM GMT+5:30	Rakesh Vinod	rakeshvinod369@gmail.com	Can users set reminders for specific medication instructions (e.g., "take with food")?	Specific medication instructions can be added and displayed for each dose.	*****
2024/11/02 05:13:00 PM GMT+5:30	Latha Gokul	lathagokul147@gmail.com	How visible is the alert light or sound for users with sensory impairments?	Bright lights and loud alarms ensure alerts are noticeable.	*****
2024/11/02 05:47:00 PM GMT+5:30	Rahul Deepak	rahuldeepak258@gmail.com	Is there a way to reset the device without losing stored schedules?	A reset button allows users to troubleshoot without losing data.	*****
2024/11/02 06:40:00 PM GMT+5:30	Varsha Suresh	varshasuresh369@gmail.com	How often should the device be cleaned for optimal operation?	Monthly cleaning is recommended for optimal performance.	*****
2024/11/02 07:44:00 PM GMT+5:30	Akhil Nikhil	akhilnikhil147@gmail.com	Are caregivers notified if the device is tampered with?	Tampering attempts trigger alerts to notify caregivers immediately.	*****
2024/11/02 08:10:00 PM GMT+5:30	Krishna Rohit	krishnarohit258@gmail.com	Can users link multiple devices to track multiple family members?	The app supports managing multiple dispensers for different users.	*****
2024/11/02 09:54:00 PM GMT+5:30	Vivek Ashish	vivekashish369@gmail.com	How secure is the medication storage from children?	Child-proof locks prevent unauthorized access to medication.	*****
2024/11/02 11:25:00 PM GMT+5:30	Shwetha Ranjith	shwetharanjith147@gmail.com	Can the device operate offline, without Wi-Fi or cellular data?	Offline functionality ensures the device works even without internet.	*****
2024/11/02 11:43:00 PM GMT+5:30	Aravind Anand	aravindanand258@gmail.com	Are notifications available for refill reminders?	App and device alerts notify users when refills are needed.	*****
2024/11/02 11:48:00 PM GMT+5:30	Aparna Shyam	aparnashyam369@gmail.com	Does the device support integration with online pharmacies for easy refills?	Integrated pharmacy services enable quick refill ordering.	*****
2024/11/03 01:31:00 AM GMT+5:30	Keshav Vimal	keshavvimal147@gmail.com	How are notifications set up on a new caregiver's device?	New caregivers can easily sync their phones for access.	*****
2024/11/03 03:31:00 AM GMT+5:30	Neha Jose	nehajose258@gmail.com	Can users skip doses without changing the overall schedule?	Users can skip doses without altering the rest of the schedule.	*****
2024/11/03 04:48:00 AM GMT+5:30	Sidharth Ramesh	sidharthramesh369@gmail.com	Does the dispenser require regular software updates?	Software updates are automated, keeping the system secure and functional.	*****
2024/11/03 06:36:00 AM GMT+5:30	Priya Shaji	priyashaji147@gmail.com	Are there any indicators if the device has run out of a particular pill?	Alerts notify users when a compartment is empty or skipped.	*****
2024/11/03 07:15:00 AM GMT+5:30	Santhosh Biju	santhoshibiju258@gmail.com	How simple is it to switch caregivers without resetting the device?	Switching caregivers is streamlined through app permissions.	*****
2024/11/03 07:30:00 AM GMT+5:30	Dhanya Arvind	dhanayarvind369@gmail.com	How well does the device work in areas with low cellular reception?	Local notifications continue to function in areas with poor connectivity.	*****
2024/11/03 08:20:00 AM GMT+5:30	Hari Sachin	hariasachin147@gmail.com	Does it send alerts if a dose is late or skipped?	Missed doses are logged and shared with caregivers for action.	*****
2024/11/03 08:30:00 AM GMT+5:30	Santha Ravi	santharavi258@gmail.com	Are dose logs available for download by healthcare providers?	Logs can be shared with healthcare providers for better patient monitoring.	*****
2024/11/03 08:40:00 AM GMT+5:30	Ajith Pradeep	ajithpradeep369@gmail.com	Can multiple caregivers be added to receive alerts?	Multiple caregivers can receive notifications simultaneously.	*****
2024/11/03 09:30:00 AM GMT+5:30	Tanya Shubham	tanyashubham147@gmail.com	How customizable are the dose schedules (e.g., weekly, biweekly)?	Dose schedules can be customized for any frequency or interval.	*****
2024/11/03 10:52:00 AM GMT+5:30	Roshan Anwar	roshananwar258@gmail.com	Can the dispenser accommodate larger tablets or capsules?	Larger pills fit easily within adjustable compartments.	*****
2024/11/03 12:41:00 PM GMT+5:30	Athira Sandeep	athirasandeep369@gmail.com	Does the device provide information about potential interactions?	Medication interaction alerts ensure safe combination usage.	*****
2024/11/03 02:40:00 PM GMT+5:30	Rohit Abhijith	rohitabhijith147@gmail.com	Is the dispenser suitable for multiple daily dose requirements?	The device efficiently manages high-frequency regimens.	*****
2024/11/03 03:31:00 PM GMT+5:30	Bindu Arun	binduarun258@gmail.com	Are there user options for dosage size control?	Adjustable dose sizes allow flexibility in medication requirements.	*****
2024/11/03 05:05:00 PM GMT+5:30	Sujith Lijo	sujithlijo369@gmail.com	Does it support multi-day travel schedules?	Multi-day travel schedules are easy to set up.	*****
2024/11/03 05:32:00 PM GMT+5:30	Veena Gokul	veenagokul147@gmail.com	Is there any way to add specific medication instructions to each dose?	Special notes or instructions can be added for specific doses.	*****
2024/11/03 06:28:00 PM GMT+5:30	Sachin Shyam	sachinshyam258@gmail.com	Can it handle irregular dosing schedules, like every other day?	Irregular schedules, like alternate days, are supported seamlessly.	*****
2024/11/03 07:50:00 PM GMT+5:30	Jasha Rajesh	jasharajesh369@gmail.com	How user-friendly is the process for changing dosage times?	Dose times can be modified without disrupting the overall schedule.	*****
2024/11/03 08:10:00 PM GMT+5:30	Vinayal Jithin	vinayaljithin147@gmail.com	Are there alerts for doses that require follow-up actions?	Alerts for follow-up actions, like drinking water, can be set up.	*****
2024/11/03 09:52:00 PM GMT+5:30	Ashwathy Surya	ashwathysurya258@gmail.com	How easy is it to manage the device remotely if needed?	Caregivers can update schedules remotely using the app.	*****
2024/11/03 11:52:00 PM GMT+5:30	Ramesh Gokul	rameshgokul369@gmail.com	Can the device differentiate between morning, noon, and night doses?	Symbols and labels differentiate doses for various times of the day.	*****
2024/11/04 12:25:00 AM GMT+5:30	Revathi Dev	revathidev147@gmail.com	Is the dispenser compatible with smart home devices?	Smart home integrations allow voice-activated commands.	*****
2024/11/04 02:07:00 AM GMT+5:30	Anand Rajan	anandarajan258@gmail.com	How easy is it to retrieve a missed dose if the user forgets?	Missed doses can be dispensed manually without affecting the next schedule.	*****
2024/11/04 03:36:00 AM GMT+5:30	Jyothi Deepak	jyothideepak369@gmail.com	Are there color-coded indicators for different dose types?	Color-coded indicators simplify identifying different medications.	*****
2024/11/04 05:18:00 AM GMT+5:30	Vijay Praveen	vijaypraveen147@gmail.com	Is it easy to adjust settings for users with cognitive issues?	Accessibility settings support users with memory or cognitive challenges.	*****
2024/11/04 05:40:00 AM GMT+5:30	Uma Vinay	umavinay258@gmail.com	How does it handle medications that must be taken on an empty stomach?	Notifications remind users of special instructions, like taking doses on an empty stomach.	*****
2024/11/04 06:47:00 AM GMT+5:30	Manoj Kumar	manojkumar369@gmail.com	Are there instructions for troubleshooting common issues?	Troubleshooting guides resolve common issues with step-by-step solutions.	*****
2024/11/04 07:10:00 AM GMT+5:30	Sindhu Arvind	sindhuarvind147@gmail.com	How often is the user reminded of a missed dose?	Missed dose reminders repeat until the user acknowledges them.	*****
2024/11/04 08:54:00 AM GMT+5:30	Kiran Lijo	kiranlijo258@gmail.com	Are there visual indicators for upcoming doses?	Upcoming dose reminders reduce stress for elderly users.	*****
2024/11/04 10:17:00 AM GMT+5:30	Navya Manoj	navyamanoj369@gmail.com	Is it possible to log symptoms alongside dose logs?	Symptoms or reactions can be logged alongside dose records.	*****
2024/11/04 12:17:00 PM GMT+5:30	Rajesh Radhika	rajeshradhika147@gmail.com	Are notifications available if the dispenser is running low on a specific pill?	Notifications highlight when specific pills are running low.	*****
2024/11/04 01:25:00 PM GMT+5:30	Divya Nandan	divyanandan258@gmail.com	How intuitive is it for non-tech-savvy users to set up?	One-button operations simplify usage for non-tech-savvy individuals.	*****
2024/11/04 02:55:00 PM GMT+5:30	Balu Arun	baluarun369@gmail.com	Can the dispenser track individual pill stocks within each compartment?	Pill stocks are tracked individually, ensuring accurate refills.	*****
2024/11/04 04:36:00 PM GMT+5:30	Maya Vijay	mayavijay147@gmail.com	Does it allow for real-time tracking of user adherence?	Real-time adherence data is accessible through the caregiver app.	*****
2024/11/04 05:36:00 PM GMT+5:30	Sreejith Raj	sreejithraj258@gmail.com	Are there scheduling options for biweekly doses?	Biweekly or irregular schedules are fully supported by the software.	*****
2024/11/04 07:10:00 PM GMT+5:30	Kavitha Santhosh	kavithasanthosh369@gmail.com	Does the device accommodate changes in user routines?	Routine changes can be updated without reprogramming the entire schedule.	*****
2024/11/04 08:35:00 PM GMT+5:30	Vinu Sandeep	vinusandeep147@gmail.com	Is there a low-battery indicator?	A low-battery indicator warns users well in advance.	*****
2024/11/04 09:15:00 PM GMT+5:30	Seetha Akhil	seethaakhil258@gmail.com	Are there any safeguards for high-risk medications?	Safety features minimize the risks associated with high-risk medications.	*****
2024/11/04 10:28:00 PM GMT+5:30	Mukesh Deepak	mukeshdeepak369@gmail.com	How quickly does the device alert if a dose is missed?	Alerts are immediate if a dose is late or skipped.	*****
2024/11/05 12:28:00 AM GMT+5:30	Manju Vinay	manjuvinay147@gmail.com	Can caregivers access logs remotely?	Logs are accessible remotely for caregiver monitoring.	*****

2024/11/05 02:00:00 AM GMT+5:30	Sunil Rajeev	sunilrajeev258@gmail.com	Is there a prompt for the user to confirm each dose?	Users must confirm doses via the app or device to avoid errors.	★★★★☆	
2024/11/05 02:50:00 AM GMT+5:30	Lalitha Nair	lalithanair369@gmail.com	How resistant is the dispenser to spills or drops?	The device is resistant to spills and minor impacts.	★★★★☆	
2024/11/05 04:32:00 AM GMT+5:30	Lijo Ajay	lijoajay147@gmail.com	Are dose adjustments simple to make without deleting the schedule?	Settings can be adjusted without deleting stored schedules.	★★★★☆	
2024/11/05 05:22:00 AM GMT+5:30	Radha Suresh	radasuresh258@gmail.com	Can notifications be scheduled at specific times?	Notifications can be precisely timed for user convenience.	★★★★☆	
2024/11/05 07:00:00 AM GMT+5:30	Praveen Arjun	praveenarjun369@gmail.com	Is there a feature for recording health symptoms after each dose?	Health symptoms after each dose can be recorded for medical reviews.	★★★★☆	
2024/11/05 08:44:00 AM GMT+5:30	Gayathri Vinod	gayathrivinod147@gmail.com	Are caregivers able to customize alerts for specific concerns?	Caregivers can tailor alerts based on individual user needs.	★★★★☆	
2024/11/05 09:32:00 AM GMT+5:30	Deepak Vivek	deepakvivek258@gmail.com	Can users track adherence in a simple, readable format?	Adherence reports are available in an easy-to-read format.	★★★★☆	
2024/11/05 10:28:00 AM GMT+5:30	Leela Rakesh	leelarakesh369@gmail.com	Is the device portable for travel use?	Portable designs make it ideal for travel.	★★★★☆	
2024/11/05 11:53:00 AM GMT+5:30	Suresh Krishnan	sureshkrishnan147@gmail.com	Can the device manage intermittent doses (e.g., every other day)?	Irregular doses, such as every other day, can be scheduled.	★★★★☆	
2024/11/05 01:40:00 PM GMT+5:30	Chitra Arun	chitraarun258@gmail.com	Are alerts escalated if a dose is missed multiple times?	Alerts escalate for repeated missed doses, ensuring caregiver awareness.	★★★★☆	
2024/11/05 02:18:00 PM GMT+5:30	Vishal Ashwin	vishalashwin369@gmail.com	How accessible is the device for users with physical impairments?	Features accommodate users with physical disabilities.	★★★★☆	
2024/11/05 03:10:00 PM GMT+5:30	Rekha Kiran	rekhakiran147@gmail.com	Does the device support reporting for long-term adherence?	Long-term adherence reports assist in tracking chronic conditions.	★★★★☆	
2024/11/05 04:35:00 PM GMT+5:30	Vivek Shyam	viveshyan258@gmail.com	Is the device suitable for homes with young children?	Secure storage prevents unauthorized access in homes with children.	★★★★☆	
2024/11/05 06:09:00 PM GMT+5:30	Soumya Suraj	soumyasuraj369@gmail.com	Are there refill reminders for caregivers?	Caregivers receive refill reminders to ensure continued adherence.	★★★★☆	
2024/11/05 06:50:00 PM GMT+5:30	Sujay Hari	sujayhari147@gmail.com	How robust is the device for multi-dose regimens?	Robust designs handle complex multi-dose regimens efficiently.	★★★★☆	
2024/11/05 07:59:00 PM GMT+5:30	Devu Nikhil	devunikhil258@gmail.com	Does it alert if a user accidentally takes the wrong dose?	Alerts notify users if they attempt to take the wrong dose.	★★★★☆	
2024/11/05 09:04:00 PM GMT+5:30	Rajeev Pradeep	rajeevpradeep369@gmail.com	Are there options for linking to healthcare professionals?	Healthcare professionals can receive shared logs and adherence data.	★★★★☆	
2024/11/05 10:11:00 PM GMT+5:30	Anya Suraj	anyasuraj147@gmail.com	Can the dispenser handle vitamins alongside medications?	Vitamins and supplements are supported alongside prescription medications.	★★★★☆	
2024/11/05 10:58:00 PM GMT+5:30	Ravi Anish	ravianish258@gmail.com	Are there any backup features in case of power failure?	Backup features ensure functionality during power outages.	★★★★☆	
2024/11/06 12:42:00 AM GMT+5:30	Parvathy Anil	parvathyani1369@gmail.com	Does the device have customization options for sensitive medications?	Sensitive medication handling is customizable through safety settings.	★★★★☆	
2024/11/06 01:47:00 AM GMT+5:30	Sajin Sandeep	sajinsandeep147@gmail.com	How many daily reminders can be set?	Multiple reminders can be set for high-frequency dosing schedules.	★★★★☆	
2024/11/06 02:25:00 AM GMT+5:30	Anu Raj	anuraj258@gmail.com	Is there a manual override for emergency dose dispensing?	A manual override option enables emergency dispensing.	★★★★☆	
2024/11/06 03:29:00 AM GMT+5:30	Ashwin Vishnu	ashwinvishnu369@gmail.com	Are doses color-coded for easy recognition?	Doses are color-coded for easier identification by the user.	★★★★☆
